

transparent & flexible

MultiSafepay connect is the most flexible online payment service available for webshops. With connect, your customers will checkout in a payment environment that they recognise and completely trust. MultiSafepay connect offers a transparent service that seamlessly fits in with the look and feel of your own website.

Benefits:

- ✓ accept all popular payment methods
- ✓ payment environment in your own look and feel
- ✓ run daily payments
- ✓ extensive back office
- ✓ add more websites for free

MultiSafepay is:

- Transparent: connect your webshop with a payment environment in your own look and feel.
- Flexible: tailored to your needs.

How does a connect payment work?

MultiSafepay connect supports payments in your webshop during the checkout process. After selecting their desired payment method, customers are forwarded to a secure payment environment that seamlessly matches the design of your own website. The payment therefore takes place in a familiar payment environment. Customers simply follow the process for their chosen payment method. After the payment is completed, your customer automatically returns to the webshop.

Extensive back office

The MultiSafepay back office is clear, transparent and easy to use, allowing you to check your statements and transactions, and send digital invoices. This extensive back office offers numerous advantages:

- ✓ real time access to all transactions
- ✓ simple refunds
- ✓ search tool to look up transactions
- ✓ overview of all transactions
- ✓ standard accounting export; MT 940

Extra features

To enable the payment process to run as automated as possible, MultiSafepay provides various functionalities, including: an accounting link, fraud detection module, daily payment module, sales statistics and reporting capabilities.

Rapid implementation

Implementing connect into your webshop is made simply by MultiSafepay's ready-made shop plug-ins. Many 'hosted shop solutions' and web builders support MultiSafepay. You can find our complete partnerlist on www.multisafepay.com.

Rates

There is a fee for the use of connect and normal bank fees apply. Bank fees vary by payment method. For exact rates visit www.multisafepay.com.
