fast checkout

fast, easy and safe

MultiSafepay fast checkout is the checkout process that enables consumers to checkout more quickly and conveniently in your webshop. With fast checkout, consumers continue their positive shopping experience throughout the entire checkout process. This makes online shopping in your webshop even more fun and straight forward, increasing the number of consumers who return.

## Consumer benefits

- ✓ quick and easy payments
- ✓ mobile payments also possible
- ✓ secure storage of client data
- ✓ every purchase is covered up to € 200

## A more pleasant shopping experience

- Quick:** within 20 seconds and just three clicks to checkout using a preferred payment method.
- Easy:** one single account allows you to pay in multiple web and mobile shops.
- Secure:** address details and client data are stored securely by one reliable partner.

## fast checkout guaranteed

fast checkout guaranteed offers additional buyer protection and an additional reason to make a purchase in your webshop. With MultiSafepay consumers are guaranteed additional security and cover. In cases of delivery failure after payment, MultiSafepay offers consumers payment cover up to € 200 per order.

## Additional checkout process

Does your site already support online payments with iDEAL and credit cards? No problem, fast checkout works perfectly alongside existing checkout processes, regardless of your current payment processor. You don't have to change anything in your current payment system.

## Rates

There are no fixed monthly costs and no cancellation period. You simply pay bank transaction charges. Transactions charges vary by payment method. For an overview of bank transaction rates visit [www.multisafepay.com](http://www.multisafepay.com)

## Rapid implementation

It's quick and easy to add the fast checkout button to your webshop with MultiSafepay's ready-made shop plug-ins. Shop plug-ins are available for all standard webshop software. In addition, many 'hosted shop solutions' and web builders support MultiSafepay. A complete list of our partners is available on [www.multisafepay.com](http://www.multisafepay.com).

## Benefits of fast checkout:

- ✓ ease of payment
- ✓ less abandoned shopping carts
- ✓ improved return sales
- ✓ higher conversion rate
- ✓ increased sales
